Adbrella is a new division of Clifton Australia, a specialist in manufacturing umbrellas.

As a business we are over 90 years old and 100% owned by the original Australian family operated by the fourth generation of the family of the company founder, Clifton Joseph.

In Australia our range is found in retailers such as David Jones and Peter's of Kensington.

We also produce umbrellas for the 'value' end of the market such as Spotlight, Anaconda, Harris Scarfe, Coles Express & 7-11 and we also supply 1000+ small retailers ranging from pharmacies to fashion stores.

Clifton have been producing printed corporate branded umbrellas for 30+ years so place your trust in a company that makes umbrellas that do not break.

Past Clients

Our list of over 1,000 past customers reads like the Who's Who of Australian business – big & small across all different types of industries.

No matter the size of the business or the order we give each & every customer the same careful attention to create a quality corporate identity umbrella.

That is why many of Australia's best known brands have been using us, not just for one-off jobs, but for many, many years.

Founder, Clifton H Joseph, 1932

PREMIUM

ARTWORK

FREE ART PROOF ON ORDER

We provide a graphic proof showing your umbrella on receipt of order!

Once the artwork proof is approved in writing production can start.

ART INSTRUCTIONS

Please email an image of your logo prior to ordering so that we can confirm that it is possible to reproduce accurately.

The preferred method is electronically supplied art - a vector file saved as an EPS file or as an Illustrator (AI) file.

CorelDraw users can save in the EPS format as well.

Artwork must be colour separated specifying PMS colours (not CMYK colours).

Photoshop (PSD) files are not colour separated, and (high resolution versions) are generally only suitable for all over sublimation prints.

JPEG / TIFF / BMP / GIF / PNG files are not usable even for single colour prints, as the resolution is too small and the size of the print on an umbrella will show up pixilation of the image.

These file types embedded in (i.e. saved as) an EPS or AI file are also not in the correct format and cannot be used.

Notes

The colour of the fabrics shown in the catalogue and online are approximations and should therefore be used as a guide only.

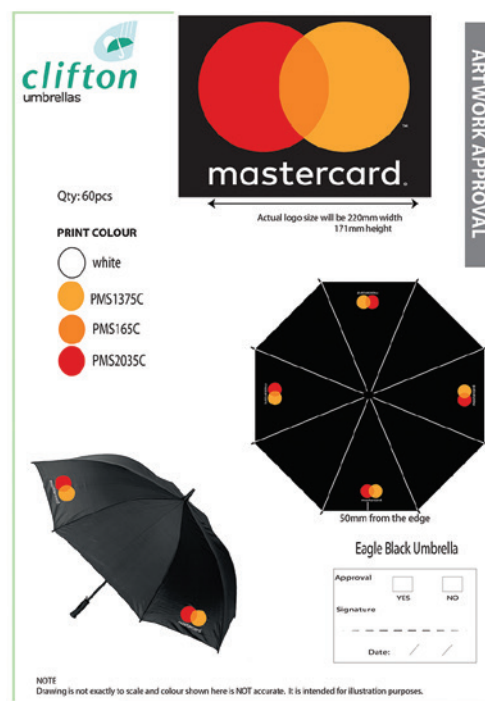

They are photographic representations and colours can vary slightly when appearing in print or on computer screens.

Where colour match of fabric is critical, a sample should be ordered to verify suitability of the colour of the stock that will be used PRIOR to printing.

Colours can vary between dye lots - a repeat order may be a shade different to a previous order.

We can order fabric to match any PMS colour using digital printing. Minimum quantities apply (see page 44) and lead time is 60-90 for full delivery.

All over print jobs or artwork that crosses over the rib line will not be able to be printed on locally held stock and need to be printed overseas. Longer lead times of 60-90 days apply for this service.

TERMS

FOR ALL NEW CUSTOMERS

- 50% deposit prior to printing.
- Funds must clear prior to production.
- 50% Nett 7 Days from date of dispatch.

REPEAT CUSTOMERS

On existing terms.

We accept payment via VISA, Mastercard & EFT and charge no fees for processing payments.

We understand that your customer may need to see the quality of umbrellas to help you make a selection.

SAMPLE PACKS TO DISPLAY

We are happy to supply, free of charge, a pack of approximately 30 of our most popular umbrella styles used for logo printing.

We can even provide you with a display stand on request. This will allow you to have these on hand to show your clients.

Each umbrella is tagged with information for your easy reference, including the colour range for each item, the specifications of the umbrella including measurements & weights.

SPECIFIC UMBRELLA SAMPLES

If you need a specific sample to show the colour to your customer we can provide this for a sample fee of \$25.00 + GST to cover the cost of delivery.

UMBRELLA SAMPLE WITH ARTWORK

We provide a digital art proof for free but if you require an actual physical sample umbrella with artwork on it the cost is \$120.00 + GST delivered. This single sample fee covers production and delivery.

PRINTING OPTIONS

SCREEN PRINTING

Always a quality printing option, screen printing absorbs into the fabrics for a long lasting finish and is most economical when printed on 4 or more panels.

HEAT TRANSFER PRINTING

If you require true full colour logo printing (especially essential when there is graded colouring or when there are 5 or more colours to be printed per logo) then we recommend heat transfer printing.

Example of 3 colour logo with gradients

Example of 6 colour logo

SUBLIMATION / DIGITAL PRINTING

By far the most cost effective way is to have these assembled from scratch overseas.

However it is essential to have at least 30-90 days lead time pre-delivery.

This also provides you the opportunity to custom design elements of the umbrella - perhaps a different handle or a particular colour cover fabric, or even a unique all over colour print design across all panels of the cover.

We also have a wide range of frames and handles to select from across folding and walking length umbrellas and of course golf and kids umbrellas too.

DESIGNING YOUR OWN COVER

We can supply templates for artwork to be created, or we can assist by designing your umbrella for an additional design fee of \$360.00 + GST.

M.O.Q.:	See page 44 for quantities using existing frames / handles
	1200 units for umbrellas with specified frame design elements
DEPOSIT:	50% to commence production
TIMING:	30-90 days
BALANCE:	50% pre-delivery of final production

MORE THAN ONE LOGO TO PRINT

If you want more than one logo printed on an umbrella, or if you want colour changes from panel to panel, then we need to quote on your specific needs.

Please contact for a quote.

SLEEVE/CUFF CASE PRINTING

There is an additional cost to print a logo on your sleeve/cuff case.

If multiple colours are required, like the image shown on the right, your job will need to be printed as a heat transfer.

Digitally printed 2-colour cuff case for Coynes Transport

Standard pricing is \$2.50 + GST for ONE SIDE & only based on a per unit cost.

TIE BAND PRINTING

You can also print on the umbrella tie-band if you wish.

It could be your logo, web address and/or phone number but please note the available space is usually long and thin.

The price for printing on the tie band is \$2.50 + GST per umbrella.

As with sleeves/cuff cases if multiple colours are required, your job will need to be heat transfer printed.

Note: Sleeve/Cuff Case & Tie Band printing are both additional costs of production.

REGIONAL DELIVERY SURCHARGE

A delivery surcharge of \$1.00 per umbrella must be added for delivery to the following regions:

- Northern Territory - outside of Darwin city or suburbs
- Tasmania - outside of Hobart or Launceston city or suburbs
- Western Australia - outside of Perth / Fremantle city or suburbs
- Far North Queensland.

PRIORITY PRINTING AND/OR PRIORITY DELIVERY

We shall quote based on your specific circumstances.

Otherwise our standard service will attempt delivery within the time frames outlined above.

FASTER DELIVERY FROM OVERSEAS

How can we deliver your umbrella design in just 30 days?

If your design is 100% ready to go & you do not require a sample canopy to be printed for approval, the umbrellas can be produced in 21 days & delivered to you in 9 days via air shipping for an additional cost.

Production timetables and shipping costs are available for your review on adbrella.com.au.

IMPORTANT CONDITIONS OF PRODUCTION

Printing will not commence until a signed Art Proof is received - even on repeat jobs.

Production of an order will not commence until payments have been received based on terms.

If your customer has a lead time of 30 to 90 days perhaps they could consider designing their own specific corporate canopy & cuff case to go on one of our quality umbrella frames, as shown above.

This allows us to print the fabric before it is sewn to the ribs on the frame allowing for a unique umbrella.

We provide the canopy template and your customer provides the design (to the correct design specs) or we can help design the canopy with you and the customer for an additional fee.

Allow a week for the artwork to be finalised, if your artwork is not provided..

Allow a further week for a sample digital print of the canopy to be completed.

PRIOR TO SIGNED ART OR SAMPLE APPROVAL

Option 1: Approval via picture (no cost) - quickest way to start production.

Option 2: Approval via physical sample (cost is \$120.00) - allow 1 extra week.

Production of the actual umbrella takes 21 days. Note: No production available during February 2026.

SHIPPING

Option 1: Air shipments take just 9 days total - but at a premium cost.

Option 2: Container shipping takes 30 to 50 days - but is the most economical.

The above timings are based on you picking from our curated frames & handles listed below:

Windproof Manual Folding	Minimum order: 50	Multiples of: 10
Auto Open Folding	Minimum order: 50	Multiples of: 10
Wood Handle Walking Length	Minimum order: 50	Multiples of: 10
Wood Handle Windproof Golf	Minimum order: 50	Multiples of: 10
Black Handle Windproof Golf	Minimum order: 50	Multiples of: 10

Depending on design, printing may be sublimation, digital, heat transfer or screen printing as best suits the canopy design. Email us at enquiries@adbrella.com.au if you have any questions.
